Hello again, Tigers!

Another fantastic week filled with some brilliant learning! You are all making me so proud to be your teacher, Tigers 😊 I hope you are all okay and continuing to keep safe.

I have managed to squeeze in lots of long walks with Chester this week to keep myself busy when I am not Zooming. My mom has started baking as her new lockdown hobby, so I have taken on the role of her new chief taste tester. So far, she has made a lemon drizzle cake and a coffee and walnut cake. Both were absolutely delicious – yum! What are you all doing to keep yourselves busy? Let me know on Google Classroom 😊

Next week, we will be continuing to focus on fantasy stories in English. You should have already thought about your hero, villain, and fantasy setting. If you haven't, please spend some time thinking about these elements over the weekend. You will notice that this week, I have uploaded a homework task to Google Classroom. You will need to log in to Google Classroom to access the details for this homework task. I would love to see your pieces of homework so please send me some pictures on Google Classroom if you are able to. Our learning focus in English next week is using speech accurately in our writing. We will also be reading two more chapters of our class book, 'Alice in Wonderland.' If you complete your English learning and find yourself with some spare time, please remember to log on to BugClub and read some of the books I have allocated to you – it is really important that we continue to read at home as often as we can <https://www.activelearnprimary.co.uk/login?c=0>.

In Maths next week, we will be moving on to a new topic, 'Multiplication and Division.' We will begin with how to use short multiplication as a written method for multiplying a 3/4-digit number by a 1-digit number. It is very important that we continue to practise our recall of times table facts for this topic. Over the weekend, please log on to [TTRockstars](#) and [Hit the Button](#) to practise those times table facts! You could even make up your own times table game to play with someone at home. Make learning your times tables as fun as you can! **Next week, our maths zooms will be changing slightly. I have decided to split you into two groups for your maths lesson as we move onto the multiplication and division topic. Group 1's lesson will take place at an earlier time of 10.30am. Group 2's lesson will continue to take place at 11am. Groupings will have been discussed in Friday's zoom call. If you did not attend this call, you can find out which group you are in by accessing the 'Classwork' tab on Google Classroom and clicking 'Zoom Groups' at the top of the page. Please make sure you are all aware of your updated Zoom time before Monday. As always, the PIN and password will still remain the same as before. The overview for our learning for the week commencing 25<sup>th</sup> January is attached to the end of this letter. From next week, Mrs Berry may also be joining some of our Zoom lessons and may even begin some smaller zoom groups in an afternoon. More details of this and who it will involve will follow.**

Next week, your wider curriculum learning will also be changing slightly. You will notice on Monday morning that all of your wider curriculum learning for the whole week has been uploaded. You **do not** have to complete every task on Monday. You can spread your learning out over the course of the week as you normally would. In the learning overview at the bottom of the letter, I have put a recommended timetable for you to follow, but this is just guidance. It is up to you which activity/activities you choose to complete each day. Please ensure you are keeping your eyes peeled on our Google Classroom stream. This week, I posted some extra Maths/English challenges and only a few of you responded to the post. If you finish your learning, I would like you to have a go at accessing these puzzles.

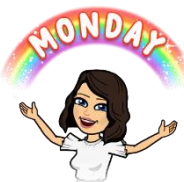

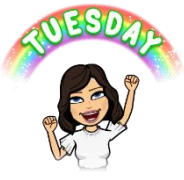

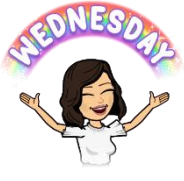

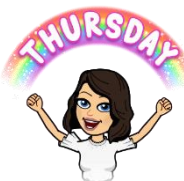

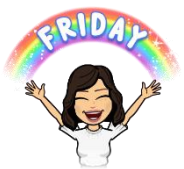

As always, each Zoom call will be roughly 20-30 minutes. When you log onto a Zoom, please make sure you are organised with paper/home-learning books and a pen or pencil and that you have a quiet place to work. It may also be useful to use headphones so that you can hear me as clearly as possible and have your own microphone muted until invited to speak or answer a question. Please find all of the details needed for zoom below.

Keep smiling and keep safe,

Miss Lane 😊

## Zoom Meeting Overview

	English	Maths	Afternoon Activities
	<p><u>Zoom Input 9am</u></p> <p><u>LO: To use my reading comprehension skills.</u></p>	<p><u>Group 1 Zoom: 10.30am</u> <u>Group 2 Zoom: 11am</u></p> <p><u>LO: To recap my knowledge of multiples and factors.</u></p>	<p>The Great British Bird Watch Project (<i>runs over the course of the week</i>)</p> <p><u>P.E:</u> ThisISP.E: Throwing Skills/Cosmic Yoga.</p> <p><u>Music:</u> To learn about melodies.</p>
	<p><u>Zoom Input 9am</u></p> <p><u>LO: To identify different word classes in a text.</u></p>	<p><u>Group 1 Zoom: 10.30am</u> <u>Group 2 Zoom: 11am</u></p> <p><u>LO: To multiply a 2-digit number by a 1-digit number.</u></p>	<p><u>Art:</u> Designing a 'Happy Newspaper'</p>
	<p><u>Zoom Input 9am</u></p> <p><u>LO: To punctuate speech accurately.</u></p>	<p><u>Group 1 Zoom: 10.30am</u> <u>Group 2 Zoom: 11am</u></p> <p><u>LO: To multiply a 3/4 digit number by a 1-digit number.</u></p>	<p><u>Art 2:</u> To use drawing/sketching techniques to draw a picture of a bird.</p> <p><u>ICT:</u> Code-breaking game.</p>
	<p><u>Zoom Input 9am</u></p> <p><u>LO: To use speech accurately in my writing.</u></p>	<p><u>Group 1 Zoom: 10.30am</u> <u>Group 2 Zoom: 11am</u></p> <p><u>LO: To use my reasoning skills.</u></p>	<p><u>Science:</u> To develop an understanding of the circulatory system.</p> <p><u>P.E:</u> 60 second challenges.</p>
	<p><u>Zoom Input 9am</u></p> <p><u>Spelling-based lesson</u></p>	<p><u>Group 1 Zoom: 10.30am</u> <u>Group 2 Zoom: 11am</u></p> <p><u>LO: To practise my mental maths skills.</u></p>	<p><u>R.E:</u> How do Humanists find their truth?</p> <p><u>French:</u> To learn the months of the year.</p>
