Year 4 - Class 4HD

Hello Falcons,

I hope you are all keeping well and that you have had a super half term in the sunshine, it has been a fabulous, sunny week. We really have been very lucky, having beautiful weather, and being able to make the most of the garden and being outside. I wonder how many of you have had a water fight or a paddling pool in the garden? Did any of you begin your entry for the Caroline Bowers Art Prize?

I have continued to go on lots of walks through the fields and the lanes around where I live. It's been amazing to see how everything has changed over the last few weeks and fields that were short have grown to be so high. I've planted lots of flowers in pots around my garden. I'm not usually much of a gardener but I have had the time to be a little more 'green fingered' than normal. I have to remember to water them each night because we've had so little rain. I've also been reading lots of books in the hopes of finding some great ones that would be great to share with you.

For those of you who have celebrated a birthday during this lockdown, I would like to wish you a very happy birthday and hope that you managed to celebrate still at home! This week is Alexandra's birthday and I'm sure you join with me to wish her a lovely day celebrating.

For this week's home learning, I would like you to aim to complete one bullet point from each section, per day. Please aim to spend between 1 to 3 hours, per day, on your home learning. Please use the resources on the website to help you navigate the learning for this week.

In addition to this, try to exercise for at least 1 hour per day. Remember, you can log on to The Body Coach TV to complete a PE workout with Joe Wicks. Please see the direct link to this on our website.

If you would like your work to be celebrated on our school website then ask your grown-ups to send a photograph of it to: yr4photographs@fiveways.staffs.sch.uk. I have really enjoyed seeing the photographs of you working from home, on our school website.

Enjoy your home learning.

Mrs Darby

Week Commencing: Monday 1 st June 2020	
Weekly Spelling (pick one per day)	Weekly Reading (pick one per day)
<ul style="list-style-type: none"> • Nesy reading spelling challenge • Write down the words: profession, session, percussion, mission and possession, Find out what they mean. • Make a poster to help you learn the spellings that you have been given using lots of different techniques, e.g. pyramid words, rainbow words, bubble writing, writing the vowels in a different colour. • Write each spelling into a sentence: • profession, session, percussion, mission and possession, • Look, cover, write, check each spelling or ask a grown up to 'quiz' you on the five spellings that you have been given this week. • See how many other words you can find that end with -ssion. 	<ul style="list-style-type: none"> • Reading Bug Club . • Find a recipe and ask a grown up if you can follow the instructions to make the dish. This will let you put your measures learning from previous weeks to the test. • Oak National Academy, week 6, Monday, reading comprehension. • Oak National Academy, week 6, Tuesday, Reading comprehension. • Oak National Academy, week 6, Wednesday, identify the key features.
Weekly Writing	Weekly Mathematics (pick one per day)
<ul style="list-style-type: none"> • Oak National Academy, week 6, Thursday, SPAG focus. • Oak National Academy, week 6, Friday. To use key features to write own character description. • Write an A-Z of powerful adjectives that could be used to describe a character. Try to select vocabulary that is really interesting, e.g. A is for angelic, B is for boisterous etc. Use a dictionary to help you to understand the meanings of the words that you choose. • Draw a rainbow, make it big and colour the different rows using the correct colours. Next, fill each colour row with interesting words and phrases that could be used to describe each colour, e.g. azure, navy, sky blue, sapphire, turquoise are some of the words you could use for blue. This will really help you to vary your own vocabulary and make your descriptions language rich. • Write an A-Z of powerful verbs. Remember that verbs can be doing, being or having words. These words really help you when writing character descriptions because they tell us how the character moves and acts. Again, 	<ul style="list-style-type: none"> • Oak National Academy - Lesson 1: To compare and order angles. (Week 6, 1st June, Monday). • Oak National Academy - Lesson 2: To identify a right angle. (Week 6 – Tuesday). • Oak National Academy - Lesson 3: To identify acute and obtuse angles. (Week 6 – Wednesday). • Oak National Academy - Lesson 4: To investigate angles within shapes. (Week 6 – Thursday). • Oak National Academy - Lesson 5: To solve problems based on angles. (Week 6 – Friday). • MyMaths: Angles 1, Angles 2, Estimating angles activity on nrich. • TTRockstars – earn as many coins as you can to try to be in our top 3 next week. Remember, results are announced on MyMaths.

stretch your vocabulary and find new words with your family. E.g. A is for attacked, B is for bounced and so on.

Weekly Project:

Communication

This week's project is 'communication'. I don't want to structure your tasks too much this week as I would like you to choose the direction of your project yourself.

By the end of the week, I would like you to produce a leaflet about your findings.

Over the lockdown period, we have had to keep in touch with our friends and family in lots of different ways. How have you been communicating? Have you found new ways to keep in touch?

You could choose to research the timeline of communication. When were telephones first introduced? Who invented the mobile phone? When did Skype first become available? How were messages sent abroad before telephones were invented? What did the very first mobile phone look like? How have mobile phones changed?

You might choose to investigate a completely different type of communication. E.g. What is morse code? What is the Morse Code alphabet? Can you send a message to a friend using morse code?

Alternatively, you might like to learn sign language. Can you sign your name and learn to greet somebody?

How do different animals communicate? How do we communicate with astronauts in outer space?

There are so many different avenues you can explore. Have fun!
