Google Classroom for Home Learning Agreement

Dear Parents,

At Five Ways Primary School, we will use Google Classroom for Education to provide high quality home learning for your child to access, and we are seeking your permission to provide and manage a Google Classroom for Education account for your child. Google Classroom for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom and more used by tens of millions of pupils and teachers around the world. At Five Ways Primary School, pupils will use their Google Classroom for Education accounts to complete work and communicate with their teachers.

The notice sent out with this agreement letter provides answers to common questions about what Google can and cannot do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use pupil personal information for users in schools to target advertising?
- Can my child share information with others using the Google Classroom for Education account?

Please read the notice sent out with this agreement letter carefully, then sign and return the slip, found on the next page, to indicate that you have read the notice and give your consent. If you do not provide your consent, we will not create a Google Classroom for Education account for your child. Please return your completed slip as directed on the Remote Learning At Five Ways Primary School letter, by **Friday 27th November, 2020.**

Yours sincerely,

Mrs R Mander
