Year 6 Class 6SD

Hello,

I hope you are all keeping well and enjoying lots of home learning.

This week I have continued to stay active outside, making sure I enjoy the countryside and wildlife around us. I've finally got round to kicking a football again for the first time in a while, although it's not quite the same as having a kick around with friends. I have also started to get creative, thinking of ideas for my entry into the Caroline Bowers Art Award. I am very much looking forward to seeing what creativity you come up with (much better than me I'm presuming).

Once again, for those of you who celebrated a birthday last week, or have one this week, I would like to wish you a very happy birthday!

As always for this week's home learning, I would like you to aim to complete one bullet point from each section, per day. Please aim to spend between 1 to 3 hours, per day, on your home learning. Please use the resources on the website to help you navigate and explore this week's learning.

Earlier this week I received an email from somebody TT Rockstars, informing me that you can make an official Guinness World Records attempt. It is a competition looking for the highest score achieved in one minute. I feel this is a super opportunity for you to demonstrate your times tables knowledge and your skills on TT Rockstars. To make an official attempt, all you have to do is record yourself whilst playing the game, and then send the video to support@mathscircle.com by 23:59 on 4th June 2020. It is extremely important that you ask for permission from somebody at home before you do this!

In addition to this, remember it's extremely important to exercise for at least 1 hour per day. I'm sure you are all enjoying spending lots of time staying active outside in the sun. You can also log on to The Body Coach TV to complete a PE workout with Joe Wicks. Please see the direct link to this on the school website.

If you would like your work to be celebrated on our school website then send a photograph of it to: yr6photographs@fiveways.staffs.sch.uk - please remember to check with your parent first. It really does make my day seeing your photographs being sent in, I really enjoy seeing you having fun whilst learning at home.

I hope you continue to have a fantastic week.

Mr Doughty 😊

Week Commencing: Monday 1 st June 2020	
Weekly Spelling (pick one per day)	Weekly Reading (pick one per day)
<ul style="list-style-type: none"> Weekly GPS practice paper available on school home learning page. https://spellingframe.co.uk/spelling-rule/41/48-Homophones-and-other-words-that-are-often-confused-1-of-5  <p>Complete a spelling game each day using the link above.</p> <ul style="list-style-type: none"> Revise the Year 5/6 spelling list. 	<ul style="list-style-type: none"> Authorfy are offering free reading resources from lots of different authors for you to access online. Please feel free to click on the following link and explore their website: https://authorfy.com/ Remember to access Bug Club regularly throughout the week. (Bug Club will be updated throughout the week). Listen to an audio reading on Audible: https://stories.audible.com/start-listen?ref=adbl_ent_anon_ds_hm_h_b On Tuesday, I would like you to access National Oak Academy and complete their reading task on Letters of complaint (Tuesday's task). This will prepare you for a writing task in the next few weeks. Read your favourite book from home in the garden. You could ask somebody at home to send photos to school of yourself reading in the garden.
Weekly Writing (pick one per day)	Weekly Mathematics (pick one per day)
<ul style="list-style-type: none"> Wild weather non-chronological report. Please refer to the writing prompt available on the school home learning webpage. Read the prompt carefully before you begin planning and writing. Write a poem about the Galapagos Islands. This is a writing challenge proposed by an author called Angela McAllister: https://authorfy.com/masterclasses/angelamcallister/ For this writing task you will need to research the Galapagos before you begin writing your poem. Include different grammatical terms you have learnt this year. If you have access to a computer, 	<p>Geometry focus</p> <ul style="list-style-type: none"> My Maths: Below is a link to a plans & elevations lesson. This is a perfect activity that will develop your understanding of dimensions of 3D shapes. https://app.mymaths.co.uk/246-lesson/plans-elevations Draw and measure triangles accurately. https://app.mymaths.co.uk/1697-lesson/constructing-triangles Weekly arithmetic practice SATs paper. Log onto TT Rockstars and participate in the battles between our class and Mrs Lindsay's class.

create a PowerPoint presentation about the Galapagos based on your research findings.

- A nice maths activity to finish the week: <https://nrich.maths.org/6499> . Challenge people at home at countdown, I'm sure you'll put them to shame!

Weekly Project:

For your weekly project this week I would like you to make your own Viking shield. We would usually be beginning to look at Vikings in our topic lessons, and I thought it would be a nice idea for you to demonstrate your creative skills once again. There are lots of video clips available online that will give you ideas as to how to make your shield and the design.

A list of equipment you'll need could consist of things like:

- Cardboard
- Tin foil
- Tape
- Felt pens/ paints

Send images of you and your shields to the school email provided on the first page of this letter. I can't wait to see what you create.
