Year 5 Class 5NL

Hello to you Pandas,

Another week of home learning completed. Well done everyone! The highlight of last week has to be cuddly toy/pet Friday! I loved meeting all of your furry friends - it really made me smile! I have been getting to grips with my new bike this weekend and on Saturday completed my 3rd bike ride (12k!!!) through Shugborough. It was great fun (but freezing) and we did stop half way for a hot chocolate from our flask (yum).

We will continue our zoom sessions as normal at 9.30am and 11am (apart from Friday as it is inset day). Your independent tasks will be set via Google Classroom and go 'live' at the start of each zoom session. Please remember on our zoom calls to have a pencil and paper at the ready.

In English, we will conclude our work on fantasy stories, which I have thoroughly enjoyed! We will be drawing conclusions across all the books/authors we have looked at and complete your own fantasy stories. I have loved reading the starts so far and I cannot wait to read what happens next! You may decide to design a book cover for your completed story or some illustrations that could be included. When we return to school, I will print the completed stories off, so you can include them in your writing books and you can read one another's. A reminder to keep reading independently and keeping those reading entries in your home-link books updated.

In maths, we will be concluding our Multiplication and Division topic and discussing the use of remainders in division. Keep up with those times tables. Remember our current battle is Y5 Boys vs Year 5 Girls. Also remember there are additional consolidation packs uploaded to the school website which revise the units covered in the autumn term from a problem-solving perspective and work on multiplication and division on My Maths.

The foundation subject tasks will become 'live' on Google Classroom each Monday at 12pm. This will allow you to organise which tasks you complete on which days across the week. All tasks have been given a week's due date so that you have plenty of time to complete the tasks set. An overview of your week's learning is detailed below and all the activities and links can be accessed through Google Classroom.

Looking forward to another super week!

From Mrs Lindsay 😊

Day	English Tasks will go 'live' on Google Classroom at 9.30am each day.	Maths Tasks will go 'live' on Google Classroom at 11am each day.
 MONDAY	Zoom input 9.30am <u>LO: To identify themes in fantasy stories.</u> <u>To prove and explain my answers.</u> See Google Classroom for task.	Zoom input 11am <u>LO: To understand remainders in context</u> See Google Classroom for task.
 TUESDAY	Zoom input 9.30am <u>LO: To write the next part of my fantasy story using identified features</u> See Google Classroom for task.	Zoom input 11am <u>LO: To understand remainders in context</u> (extended through reasoning and problem solving if ready) See Google Classroom for task.
 WEDNESDAY	Zoom input 9.30am <u>LO: To write the next part of my fantasy story using identified features</u> See Google Classroom for task.	Zoom input 11am <u>LO: Topic Review:</u> <u>Multiplication and Division</u> See Google Classroom for task.
 THURSDAY Both maths and English tasks live at 9.30am	Zoom input 9.30am <u>LO: To identify tricky homophones and how to spell them,</u> <u>e.g. stationary and stationery.</u> See Google Classroom for task.	Zoom input 11am Fun session! <u>LO: Arithmetic Ladders and added challenge!</u>
 FRIDAY	INSET DAY Happy Half Term Everyone!	

Wider Curriculum Learning

All tasks and links to sites and videos are on Google Classroom.

All tasks for the week will appear on Monday at 12pm.

Computing – Tuesday 9th is Internet Safety Day!

This Safer Internet Day we will be exploring the theme: 'An internet we trust' This will involve exploring reliability in the online world.

History – Mayan Daily Life

Your task this week is to research different aspects of Mayan Daily Life and then present it. Please see slides and links within Google Classroom for further details and prompt questions for research.

DT

Remember when we made bridges from just paper and paperclips and tested them with wooden wheels? Well here's your chance to extend those skills that you learnt. We want you to design and make a chair/sofa/bed for a toy. The paper structure needs to lift the toy off the ground and hold them safely. Be as creative in your building as you can, you could even decorate it. You are only allowed to use paper and glue. *TIP folding can make your paper stronger

Want more of a challenge? Try and make the tallest structure possible to house/hold your toy. Take a photo of yourself next to your structure and send it to your teacher!

Science –The Heart and Circulation

Lesson 3 – The components of blood. This week you will be learning about what blood is made up of and creating your own blood model in a bottle!

RE - Humanism – How do Humanists work out what is right or wrong?

We will think about why we have rules in our everyday lives and where those rules come from. We will then look at the ways that Humanists decide what is right or wrong and decide on the best course of action in different situations.

MFL

Please Google Classroom for a video message from Mrs Moorhouse who has some exciting news about a new French Resource you can access from home.

We are also pleased to inform you that a very kind parent and governor at Five Ways, Mrs Rowsell, will be recording a free French lesson each week for all children across the school to access. The link to use is [SouthStaffs \(lingotot.co.uk\)](https://www.lingotot.co.uk).

PE

#ThisisPE – [Lesson 6](#) - Develop your coordination, balance and strength, with these jumping techniques.
