Hello everyone!

We hope you are all well and that you have been enjoying your time with family.

The grown-ups have loved seeing your smiling faces at our Zoom catch-up meetings. Meetings will be held again the week beginning 13th July in small groups and you will be sent an invitation to join us and your friends via the Nursery Photographs email address.

Below you will find this week's activities. Remember, short, focussed activities are how I learn best, and its ok to take breaks if you need to. Please send any photographs to nurseryphotographs@fiveways.staffs.sch.uk as we would love to display the lovely things you are doing at home in our online gallery.

The Nursery staff continues to wish you and your family all the best during these strange times and would like you to know that we miss you very much!

Miss Grice, Mrs Clark, Mrs Fereday, Mrs Wright and Mrs Rock

Play hide and seek. Encourage me to use positional language to describe where I was hiding.

Find 5 ways of travelling. This could be running, hopping, jumping, rolling etc.

Continue to recap the Jolly Phonics videos made by St. Julian's school on YouTube. If you feel ready, you can extend this by watching and joining in with Here are some games that you can use to support the teaching of Phase 2 at home: <https://www.phonicsplay.co.uk/Phase2Menu.htm>

See the image attached below.

Provide me with water and a variety of containers. Encourage me to fill the containers in different ways. Can I make it full, half full or empty? This could even be a fun activity for bath time!

Weekly Project

As we move towards returning to school, it is the perfect time to discuss what we are looking forwards to.

Using whatever medium you would like, create a piece of work that details some of the things you are looking forwards to when we all meet again in September.

We would love to see pictures of the finished piece!

Ask an adult to read these clues. What shape are they describing?
Now you describe a shape for your grown up to guess!

This shape has no corners and 1 curved surface.

This shape has 3 corners and 3 sides.

This shape has 4 corners and 4 sides,
2 sides are long and 2 are short.

This shape has 4 corners and 4 sides,
all the sides are the same.
