Year 1 Mrs Robinson's class

Hello children,

I hope you have all had a lovely week! Hopefully you have continued to enjoy some of the activities we suggested for this week.

Again this week I have been back in school all week working with a small group of children from different year groups. We have been learning about life under the sea, life cycles and we have made crabs, butterflies and frogs!

As usual, this letter includes some choices for your weekly home learning in maths, phonics, reading, spelling and writing, and also some projects.

For this week's home learning, I would like you to aim to complete one bullet point from each section, per day. As stated in my last letter, there is no set expectation for how long any task should take. These are just a guide to offer extra support should you need it. Some children will need to do activities in short snippets and others will be able to engage in an activity for longer. Please use the resources on the website to help you navigate this week's learning. It would be important for each Year One Child to complete a daily phonics sessions of between 15 to 30 minutes.

Nessy Challenge! Each week, I receive a report from Nessy informing me of who has been on the program and for how long. It is great to see some of you using Nessy regularly however others haven't logged on in a little while. I can see that you are enjoying the games that develop your reading and spelling skills. Every week there are three top scorers announced on the school website, this could be you. I would like to say; well done William, you were a Top Scorer last week. You're a Superstar!! Have you been one of our Year One Top Scorers yet? I look forward to seeing who it is next week...

Don't forget, if you would like your work to be celebrated on our school website then send a photograph of it to: y1photographs@fiveways.staffs.sch.uk - please ask your grown up to do this for you. I love being able to see all of the lovely activities you have been doing.

Have a good week and enjoy some of the suggested activities.

Best wishes and take care,

from Mrs Robinson

- What day is it? Use language and vocabulary relating to dates including: days of the week, weeks, months and years.
- When playing a game or completing an active activity; try to keep a tally chart to record the scores.

Weekly Project: Virtual Sports Day.

Unfortunately this year, we will not be able to hold our annual sports day in school. However in Year 1, we felt like we would love to see the children complete some 'Sports Day' activities at home. Maybe your mum, dad, brothers or sisters can complete some activities too and you can keep a family score sheet.

Please complete some of the fun activities at home and send us in your photos!!
