- 4) guitar
- 5) misguided

Please learn these words for or a spelling test on 22.1.21

Spelling Task – Home Learning

Create an A4 poster which shows different ways to learn your spellings.

Different strategies include:

<u>Pyramid e.g.</u> G Gu Gua Guar Guard Guar Gua Gu G	<u>Rainbow writing</u> with different pencils or pens. Write the word several times over the top of each other but with a different colour each time.	<u>Use a Mnemonic</u> e.g. think of a funny sentence – each word in the sentence starts with the next letter in the word. E.g. Because Big elephants can't always use small exits.
Make the words by using objects around the house. You can take a photograph if you would like.	Write your words in a swirl using different coloured pen/pencils.	<u>Shape words</u> Write your word (remember to make sure the ascenders and descenders are long) and draw a line around the word. This will help you remember any specific letters/patterns within the word.
<u>Look, cover, write, check</u> Look at the word and try to remember any unusual patterns / letters within the word, write the word and then check the spelling at the end.	<u>Spelling scribble</u> Draw a big scribble on your page (like we have done in school) and then fill each section with a word. You can use different pens/pencils if you would like.	Write your word correctly as many times as you can in one minute.
