

Reception

Summer Term

This term I am going to:

PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT

Enjoy working and playing as part of a group, solving problems confidently with my friends.

Explain why I like certain activities and independently choose resources to help me learn.

Listen to other children's ideas, for instance, when working together to build a farmyard using the construction toys.

Reflect on my time in Reception and talk about what I have learnt and enjoyed.

Be involved in transition activities so I am confident when moving to Year One.

COMMUNICATION AND LANGUAGE

Listen carefully to stories, asking and answering questions about the characters and the plot.

Follow instructions needing more than one response, such as, 'hang up your coat and then sit on the carpet.'

Explain my ideas to a group when talking about what I have done, for instance how I have made a model using the construction toys.

PHYSICAL DEVELOPMENT

Enjoy joining in with team games and races for Sports Day.

Develop my physical skills such as skipping and moving in time to music.

Use tools such as scissors and clay modelling tools with more control and with safety.

Hold my pencil with a correct 'pincer' grip.

Talk about healthy food and know which foods are good for me to eat.
