

THE PTFA WELCOMES YOU

TO OUR CHRISTMAS
WREATH MAKING WORKSHOP

FRIDAY 1ST DECEMBER
6:30PM

Step 1:

Collect foliage –

Evergreen
Spruce.

Helpful
Tips

Protect your
hands.
Wear gardening
gloves.

Step 1:

Collect foliage –

Evergreen firs,
fronds, needles
& berries.

Step 1:

Collect foliage –

Evergreen
Laurels.

Protect your
hands.
Use secateurs or
pruning shears.

Step 1:

Collect foliage – Holly & Ivy.

Helpful Tips

Although real berries look festive, they will attract birds so consider an artificial alternative.

Helpful
Tips

Use floristry wire to
secure to your
decorations and then
attach to your wreath.

Step 2:

Collect
Decorations &
Ribbons.

Step 3:

Choose Wreath Frame

Floral Foam Oasis

Helpful
Tips

Dampen oasis before inserting cuttings or decorations.

Wicker Wreath

Helpful
Tips

Create bundles of foliage, then attach with floristry wire.

Metal Frame Wreath

Helpful
Tips

Thread lighting onto frame, then add decorations.

Step 4:

Decide how you will hang your wreath.

- Ribbon.
- Door hanger.
- Twine/String.

Helpful Tips

If using twine, string or ribbon, attach this to your wreath before you start inserting any foliage.

Get Inspired

Be Creative

Hang your completed Christmas Wreath.
