Five Ways Primary School

Week Beginning: Monday 22nd February 2021

Y6DW Tesla Class.

Dear Teslas,

I hope you have had a lovely half-term break. I have been working hard towards my diploma on drums and I've been doing some 3D design and game-making.

This week is our mock SATs week. I would like you to complete the given papers that appear on Google Classroom on the appropriate days. Please see the timetable on the next page for the times to join. Try your best with these. If you can't answer a question, move on and come back to it. Please answer the questions by yourself, without support from any friends or adults. I want to know what you know, so I can continue to help you as best as possible.

Timings to complete papers may vary according to personal circumstances and if extra time is needed (in any of the papers) then please take the time needed but please do not spend any longer than 1 hour at a time, on screen time.

Some papers are on a Google Document (on our class page) that you can type straight onto and then submit to me. Others will need to be handwritten and photographs of your work must be submitted to me on Google Classroom.

If, for whatever reason, you cannot submit your work onto Google Classroom, please send them in an email to me at: googleclassroom6DW@fiveways.staffs.sch.uk

For the afternoons, I have set some nice activities as I know you will have worked so hard on the test papers.

The present is theirs; the future, for which I really worked, is mine. – Nikola Tesla.

Keep being amazing,

Mr Woodward
