Five Ways Primary School

Week Beginning: Monday 11th January 2021

Y6DW Tesla Class.

Dear terrific Teslas,

I hope you have enjoyed researching the Yanomami as part of our Topic work and have had a wonderful weekend too. I have been coding and programming a computer game and trying out some new 3D design software to make some art work very similar to diorama projects. Here are some examples from more experienced artists than I:

You can find the timetable and outline of lessons for the week ahead on the next page. All the resources and things you will need can be accessed, day-by-day through Google Classroom. <https://classroom.google.com/>

I would like you to complete the Maths and English together as a whole class during our Zoom lessons. In the afternoons, look at the attached timetable and resources on Google Classroom and complete the activities. We will also talk about this from 11.00 – 11.30am every day to finish our Zoom meetings.

Do not forget to exercise for at least 1 hour per day. I have set myself a challenge to complete 100 pushups and 100 sit-ups every day this month. It is tough but it feels great and I have a lot more strength and energy already.

Zoom Details

The Zoom invite will be included on Google Classroom every day. We will start at 9.00am until 11.30am. I will be online from 8.30am if you have any questions about accessing the work for that day.

Please remember to find a quiet space with minimal background noise. If you have headphones with a microphone, please use them. Remember to use your real name so I know who to invite in from the waiting rooms.

If you do have any issues with internet usage, please contact me or the school office as the government are able to support with this by providing additional mobile data to your mobile devices. This can then be used to hotspot to a laptop or computer. Here is the link if you wish for further information. ([Click here](#)) Please email googleclassrooms6DW@fiveways.staffs.sch.uk if you have any questions about Google Classroom.

Monday (11.01.2021)	9.00 English – Guided Reading A session where we will be going through reading comprehension questions based upon an extract.	10.00 Maths LO: To find percentages of amounts	Afternoon Computing – LO: To create a game (Using Makecode Arcade we are going to create our Pizza Chasing game!) Useful Resources

[TTRockstars](#) – Keep up to date with practicing your times tables

[BugClub](#) – Aim to read for at least 15 minutes every day!

[Prodigy](#) – Get ahead of your Maths

[Google Classroom](#) – Access and download the things you need for our lessons

[MyMaths](#)

[Draw with Rob](#)

Homework

Set on: 11.01.2021

To be returned on: 18.01.2021

English

I would like you to write (or type) a letter to me, Mr Woodward, to persuade me to introduce a new lesson for our class. This could be: one hour of cooking lessons a week, one hour a week 'enterprise' projects where we learn how to run a business, or something else.

You may address your letter to: -

Mr D Woodward,
Five Ways Primary School,
Langholm Drive,
Heath Hayes,
Cannock,
Staffordshire,
WS12 2EZ

You must include: an introduction to set out the purpose as to why you're writing a letter; two or three paragraphs with reasons explaining why it is a good idea to introduce your lesson and a conclusion to summarise your points together. (Please do not physically post these to our school. Instead, please upload them to Google Classroom.)

Maths

Use the BBC Bitesize website ([Click Here](#)) to recap on our work of finding percentages of amounts. Watch the **three videos**, answer the **quiz**, and then complete the **worksheet from Google Classroom**.

Spellings

We will practise these spellings together on Friday 15th.

Rule: -re

- 1) Referring
- 2) Referred
- 3) Referral
- 4) Reference
- 5) Referee
- 6) Preferring
- 7) Preferred
- 8) Preference

Reading

Please remember to read at least 3 times with an adult at home. As well as any books you may have at home, don't forget you also have access to BugClub and there are also dozens of free books available from Oxford Owl ([Click Here](#))
