Year 3 Class 3DW

Hello outstanding Leopards,

It's been a delight to welcome in the next group of Year 6 children this week. We've been making Viking longboats, practising football rounders, weaving, building model cars and more!

Over the weekend, it's been nice to get on top of those jobs I've put off for so long. A little clean goes a long way as my house feels like new again. I've also had a blast practising my drums a lot more recently (the ones I have in the house are electric – for the neighbours' benefit).

It was great to have been able to speak with you on *Zoom*. I'm looking forward to the next calls, too. I hope you found them fun to be able to find out what everyone has been up to. I'm hoping to play a game or do a quiz with you next time.

To any of you who have celebrated a birthday whilst we've been apart: Happy birthday! I hope you had a wonderful time.

Please remember that you have access to: -

[Oak National Academy](#) – **This should be accessed each week**, along with the reading, writing and maths activities set in the boxes below.

[Oxford Owl](#) – For free eBooks that you can select from your child's book band/reading level.

[Twinkl](#) – Free home learning resources and activities

[MyMaths](#) – Login details are in the Home Link book

[TTRockstars](#) – I have set up new times tables to practise. The more you play: the more challenging it becomes!

Huge well done to Isabella, Firdaous and Jenson for being the top scorers on TTRockstars this week!

Remember, we should be aiming to achieve between 1 to 3 hours a day on home learning. Please use the resources on the website to help you navigate this week's learning. If you're viewing this letter in an email, you can tap on the hyperlinks in the boxes below to open the lesson and its resources, else they're available on our school site under Home Learning > Year 3.

Viewing online? [Click here to go to home learning](#)

Stay safe, stay curious, and stay happy!

Kind regards,

Mr. Woodward

Week Commencing: Monday 6th July 2020

Weekly Spelling (pick one per day)	Weekly Reading (pick one per day)
<ul style="list-style-type: none">This week's spellings: believe, complete, potatoes, pressure, special, suppose, surpriseWhoops! Mr Woodward dropped all the letters to this week's spellings. Three words got mixed up. Can you unscramble them? SRISRUSP, SSERUREP, BLIVEEEMake a poster to help you learn the spellingsUse each of the words in a sentence.You could draw a little picture, sketch, icon or image to help you remember the meaning of the word.Look, say, cover, write, check each spelling or ask a grown up to 'quiz' you on the spellingsStay on top of your 100 words that are needed by the end of Year 3 by picking some from the Oxford Owl list	<ul style="list-style-type: none"><i>Homework! Oh, Homework!</i> – Reading comprehension sheet (based on Year 3 Reading comprehension test style questions)Choose a book that's interesting to you, and your level from Oxford Owl. There are plenty of free eBooks, too.Don't forget you've also got BugClub!I've issued new books!If you need any more books or something else, please email me. If you're waiting for new books to be issued head on over to Oxford Owl. Remember: ANY reading is good reading.
Weekly Writing (pick one per day)	Weekly Mathematics (pick one per day)
<p>Dictation task. With a grown-up, have them read the sentences about being born in spring.</p> <ul style="list-style-type: none">Write as neatly and as clearly as you canThink carefully about correct spelling and punctuation and decide when to start a new line.If you make a mistake, cross it out neatly and write the correction above or beside the word. <p>Proofreading and editing task. There are some spelling mistakes and punctuation mistakes, too! Using a green pen, can you find them all and correct them?</p>	<p>Topic: Measure</p> <p>This week's Maths topic is on measure, as well as the activities and resources below, making this topic practical by measuring ingredients when you make something is one of the best (and most fun) ways to learn!</p> <p>Lesson 1: To read a scale</p> <p>Lesson 2: To read mass on a scale</p> <p>Lesson 3: To compare mass</p> <p>Don't forget you can also access:</p> <ul style="list-style-type: none">MyMaths for assigned tasksTTRockstars for Times Tables practise
<p>Weekly Project: -</p> <p>Science/Music – What is sound?</p> <p>This week, you will investigate how things make sound. This is because of vibrations in the instrument or object which travel through the air into our ears.</p> <p>Hum and lightly touch your throat. Can you feel it vibrate? This is making the air around your mouth vibrate, which then travels to your ear.</p> <p>Use Oak National Academy to investigate sound and then make your own instrument:</p> <p>https://classroom.thenational.academy/lessons/making-different-sounds</p> <p>Here's instructions on how to make: maracas, a rain stick, a tambourine and a drum</p>
