

x2

Maths

In maths we will be making amounts of money up to £1 in different ways. We will learn multiplication and division facts for two, five and ten. We will learn to apply our knowledge when solving puzzles and problems.

You can challenge your child to count out coins and make amounts of money up to £1. You can also help by ensuring your child accesses Numbots regularly.

English

During English lessons, we are focusing on the story 'Lost and Found'. We will aim to use a wider range of punctuation and conjunctions when we write independently.

You can help your child by asking them 'why' and 'how do you know' questions when they read. You can also challenge them to recognise different types of sentences, e.g. statements, questions, commands and exclamations.

PSHE, HRE

During PSHE lessons, and during our daily assemblies, we will discuss our British Values, and focus on 'the rule of law' and 'mutual respect'. We will also consider what it means to show 'self-respect.'

You can help your child by discussing how they can look after themselves, both physically (good hygiene, a balanced diet, fresh air and exercise) and emotionally.

Year 2 Curriculum  
Spring 1 2025-2026

RE

In RE we will consider the purpose of gathering together during our assemblies and find out churches and mosques.

Science

In science, we will be investigating the properties of everyday materials.

You can help your child by having a 'materials' walk around your home.

Design and Technology

In DT we will investigate, design and make a home.

You can help your child by encouraging them to play with construction toys.

Geography

In topic, we will learn some facts about the physical and human geography of Japan. You can help your child by supporting them in using the internet safely to research Japan at home.

Art

In art, we will use paper to create 3D artwork.

Music

In Music, we will listen and respond to music with a 'Rock' style. We will sing and play instruments. We will learn to improvise and compose music.

PE

In our PE lessons, we will participate in team games and develop simple tactics for attacking and defending. We will develop simple movement patterns when creating dances with an Olympics theme.

You can help your child by encouraging them to be active at home. You could access Joe Wicks' online workouts for children or Cosmic Kids Yoga.
